IT INITIATIVES 2025

COLOR-CODED CAUSE LISTS

COLOR-CODED CAUSE LISTS

BACKGROUND & OBJECTIVE

- The earlier system used only a two-color scheme — red for old cause lists and white for all other categories — which limited effective case prioritization.
- The limited color distinction made it difficult to identify and manage cases efficiently during court proceedings.
- A comprehensive color-coded classification scheme was introduced within CFMS and CCIS to overcome this limitation.
- Five distinct color categories were established: Red (Old Cause List), Yellow (Regular Cause List), Light Green (Stay Matters), Light Pink (Part-heard Cases), and Peach (Judgment Reserved Cases).
- The initiative was uniformly implemented across the Principal Seat and all Allied Benches.

IMPACT, OUTCOME AND BENEFITS

- Transitioned from a dual-category to a multi-category color-coded Cause List framework.
- Enabled automated generation of visually distinct and categorized cause lists for rapid recognition.
- Clear visual differentiation of case statuses now supports better prioritization and informed judicial decision-making.
- Uniform implementation across Principal Seat and Allied Benches ensured operational consistency.
- Improved case visibility, tracking, and management for all court staff and judges.
- Enhanced operational efficiency through reduction in manual categorization effort.
- Greater transparency and institutional responsiveness in cause list management.

PROJECT DURATION

- 29.01.2025 to 24.05.2025

LEADERSHIP

Justice Miss Aalia Neelum
The Hon'ble Chief Justice

OVERALL GUIDANCE

Mr. Javed Iqbal Bosal
Director General (Judicial & Case Management)

TECHNICAL SUPERVISION

Mr. Jamal Ahmad
Additional Registrar (IT-LHC)

Mr. Iftikhar Ahmad
Deputy Registrar (IT-Management)

Mr. Awais Afzal
Deputy Registrar IT (Software & Web)

DEVELOPED BY

Mr. Haseeb Khalid
Assistant Registrar IT(Web Master)

Mr. Amir Siddique
Assistant Registrar IT(Dev)
