UPGRADATION OF MOBILE APPLICATIONS OF LHC AND DISTRICT JUDICIARY

UPGRADATION OF MOBILE APPLICATIONS OF LHC AND DISTRICT JUDICIARY

BACKGROUND & OBJECTIVE

- The LHC Mobile App was initially launched only for lawyers of the Principal Seat, excluding lawyers from other Benches.
- The limited scope restricted access to user registration, notifications, and the 'My Cases' section to a specific user group.
- The need for greater accessibility, inclusivity, and improved digital service delivery was recognized.
- The app's functionality was expanded to include lawyers from all Benches across the court system.
- The app's infrastructure was upgraded to handle increased usage and address potential performance challenges.

IMPACT, OUTCOME AND BENEFITS

- Broader accessibility now enables lawyers from all Benches to receive real-time case updates.
- Improved digital services enhanced productivity and user satisfaction across the legal fraternity.
- Lawyers from the Principal Seat and all Allied Benches can now access the app uniformly.
- Real-time case notifications reach a broader segment of the legal community.
- Strengthened the Court's commitment to digital modernization and user-centric service delivery.
- Promoted operational convenience and transparency for lawyers across all court locations.
- Contributed to a more inclusive and efficient judicial workflow.

PROJECT DURATION

- 10.05.2025 to 06.06.2025
