

IT INITIATIVES 2025

NETWORK INFRASTRUCTURE IN PUNJAB JUDICIAL ACADEMY – 4TH & 5TH FLOOR

NETWORK INFRASTRUCTURE IN PUNJAB JUDICIAL ACADEMY – 4TH & 5TH FLOOR

BACKGROUND & OBJECTIVE

- Network infrastructure was required at the 4th and 5th floors of the Punjab Judicial Academy (PJA).
- The project aimed to provide network connectivity for internet access and judicial software use.
- The infrastructure supports the Examination Branch and District Judiciary operations at PJA.
- The installation was designed to connect with the LHC server room for access to key services.
- Proper network planning and configuration ensured reliable and stable connectivity.

IMPACT, OUTCOME AND BENEFITS

- The 4th and 5th floors of PJA are now fully connected to the LHC network.
- Seamless connectivity with the LHC server room enabled access to CFMS and other applications.
- The Examination Branch and District Judiciary now have reliable network access at PJA.
- Operational efficiency for staff and trainees working on judicial systems improved.
- Digital training and examination processes at the academy were supported.
- Trainees and staff at PJA can access judicial software and internet without interruption.
- A connected and digitally equipped training environment was successfully created.
- Lays the foundation for future digital expansion within the academy.

PROJECT DURATION

- September 2024 to November 2024
