VIDEO LINK FACILITY – HEARING AND RECORDING EVIDENCE FOR DISTRICT JUDICIARY

VIDEO LINK FACILITY – HEARING AND RECORDING EVIDENCE FOR DISTRICT JUDICIARY

BACKGROUND & OBJECTIVE

- The Video Link Facility enables District and Sessions Courts to conduct hearings and record evidence digitally.
- The initiative benefits cases where physical presence of witnesses or accused is impractical.
- The system facilitates remote appearances of witnesses, accused, and investigating officers via video link.
- It reduces delays caused by non-availability or late arrival of parties in court.
- The facility minimizes security risks and transportation costs for under-trial prisoners.

IMPACT, OUTCOME AND BENEFITS

- Hearing efficiency was improved, reducing case pendency and unnecessary adjournments.
- Cost and time savings were realized by reducing transportation and travel requirements.
- Virtual hearing and evidence recording capabilities are fully operational in District Courts.
- Witnesses and accused can participate in proceedings from secure remote locations.
- Case processing timelines were shortened through reduction in adjournments.
- Expedited trials and reduced case pendency through efficient digital hearings.
- Lower costs for litigants, witnesses, and the justice system overall.
- Enhanced security and safety in conducting proceedings involving high-risk individuals.
