POSTAL PROCESS TRACKING FOR TREASURY WING

POSTAL PROCESS TRACKING FOR TREASURY WING

BACKGROUND & OBJECTIVE

- The Postal Processing System was developed to automate manual processes for postal dispatches, receipts, and financial transactions.
- The system covers all Judicial Branches and aims to enhance transparency, accuracy, and real-time tracking.
- New features include Judicial Branch names in Form-A, a new Form-B for disbursements, and new cost categories.
- The objective is to make the Postal Processing System comprehensive, user-friendly, and responsive.
- Effective monitoring, financial control, and transparency in service delivery are central goals.

IMPACT, OUTCOME AND BENEFITS

- Operational efficiency was enhanced through automation of additional cost and disbursement processes.
- Transparency and accountability across Judicial Branches for postal expenditures were improved.
- A comprehensive, automated postal processing system is fully operational across LHC.
- All postal and courier transactions are tracked, logged, and reported in real time.
- Improved financial accountability and transparency in postal expenditure management.
- Reduced administrative burden through automated tracking and reconciliation.
