IT INITIATIVES 2025

DIGITIZATION OF JUDICIAL DEPOSITS AND DISBURSEMENTS

DIGITIZATION OF JUDICIAL DEPOSITS AND DISBURSEMENTS

BACKGROUND & OBJECTIVE

- The management of judicial deposits and disbursements has long been constrained by manual procedures.
- Manual processes frequently led to inefficiencies, delays, and limited financial transparency.
- A secure, automated, and centralized digital framework for the complete deposit lifecycle was introduced.
- It covers the entire process from receipt of deposit to refund with real-time accuracy.
- The initiative strengthens institutional accountability through seamless coordination between courts and banks.

IMPACT, OUTCOME AND BENEFITS

- Management of judicial funds was revolutionized through automation and accountability.
- Errors, processing delays, and administrative workload were substantially reduced.
- Real-time transparency and traceability of all transactions was ensured.
- A fully automated and transparent judicial deposits management system is operational.
- All deposit and disbursement transactions are digitally tracked and auditable.
- Real-time reconciliation between courts, banks, and litigants is consistently maintained.
- Enhanced public trust and institutional credibility in judicial financial management.
- Significant reduction in financial errors and processing delays.
- Improved transparency and accountability in all judicial deposit transactions.
